Re: Request for extension for response to the NOD (6/7/91) for  
the Pier 91 facility

Dear Mr. Keller:

In response to the letter of July 2, 1991 from Cathy Buller of your staff, Ecology has amended the June 7, 1990 Order, No. DE 91-154. The amended order extends the deadline for the responses to comments 29 and 31 of the Pier 91 NOD which was enclosed with the original order. A copy of the amended order is enclosed with this letter. I understand that revised engineering diagrams will be required in order to adequately respond to these comments, and that preparation of these diagrams will take additional time.

If you have any further questions in this matter please contact me at 438-7019.

Sincerely,

*Janet Rhodes for*
